SCREAM FACTORY PRESENTS

31 NIGHTS OF HORROR

STREAM AND SCREAM EVERY EVENING

IN OCTOBER AT 7:00 PM PT

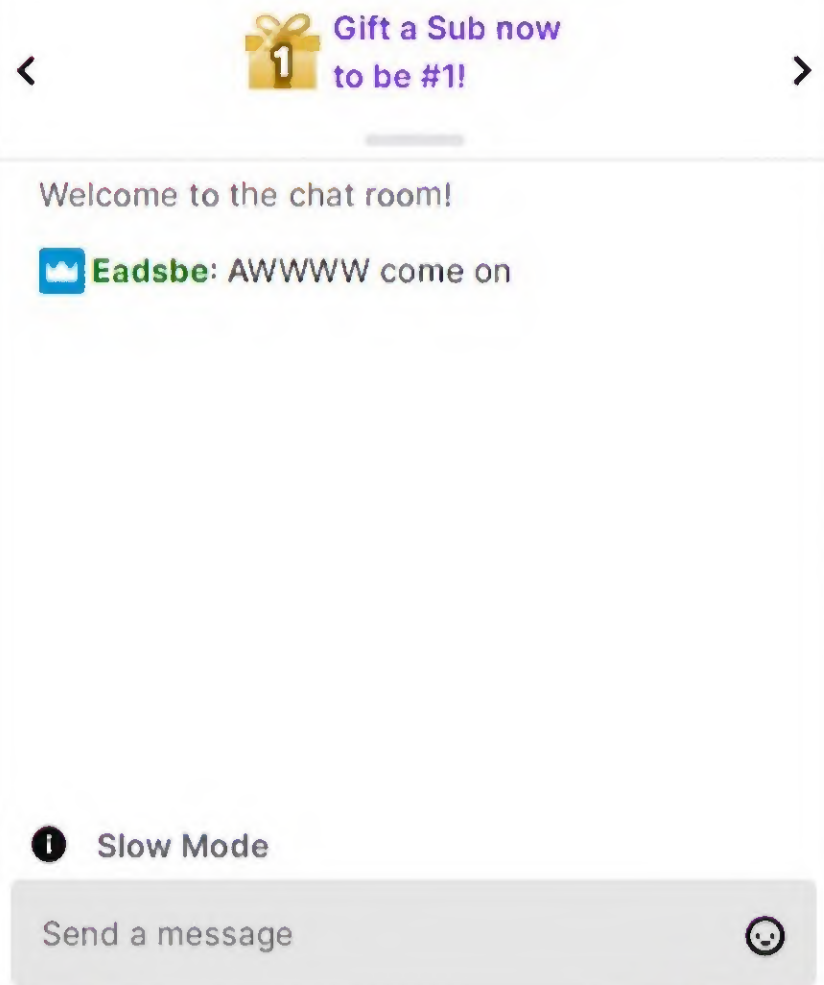

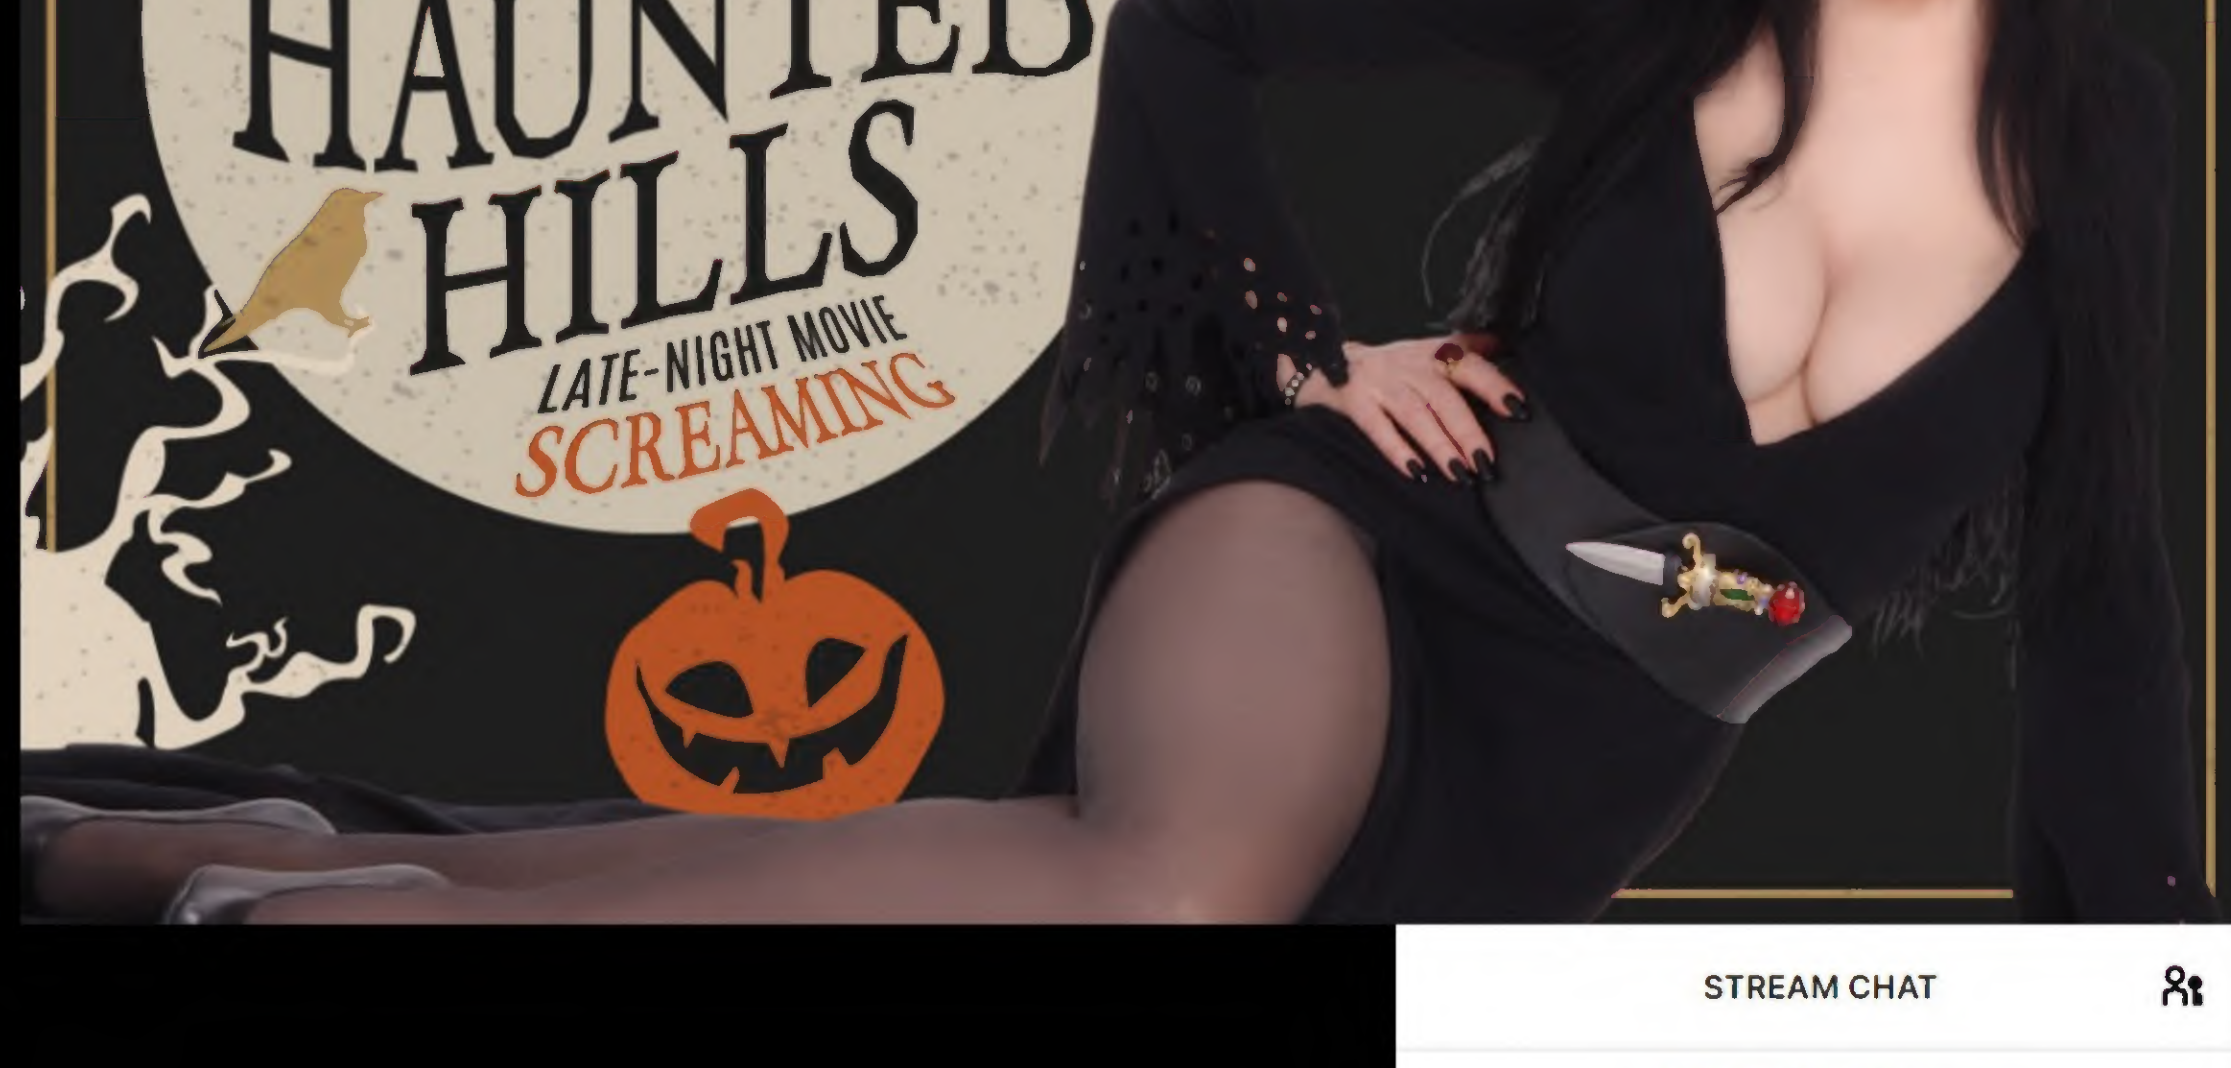

This October, Shout! Factory TV and Scream Factory proudly present *31 Nights of Horror*. Tune in each evening throughout the entire month for a macabre movie that's sure to satisfy cravings for all things creepy. Each night of the stream will feature a genre favorite such as *Witchboard*, *Bad Moon*, *Sleepaway Camp*, *The Exorcist III*, *Clive Barker's Nightbreed: Director's Cut* and many more.

Viewers will also be treated to a deadly double feature every Saturday in October for twice the terror. And since no skeleton is complete without a funny bone, *31 Nights of Horror* will feature a distinctively eerie episode of *Mystery Science Theater 3000* for every MSTie Monday, including episodes *MST3K: Night of the Blood Beast*, *MST3K: Werewolf* and *MST3K: The Touch of Satan*.

Stream and scream live every evening this October, as *31 Nights of Horror* begins Thursday, October 1 at 7 p.m. PT/10 p.m. ET and continues at the same time nightly through October 31.
